

Cables, cords, insulators, and cable installation

Power cables up to 1.2KV, PVC insulated cables, Rubber insulated cables...

CB, MEEI cable, TÜV Bauart Certification

/Cable safety testing according to IEC 60502 series, IEC 60227 series, IEC 60245 series, IEC/EN 50525 series standard

Photovoltaic cable testing according to 2PFG1169/08.2007

Vehicle cable testing according to ISO 6722-1, ISO 4141-1

Insulating materials and tools testing according to IEC/EN 60454, 60684, 60900, 60672, etc./

Product	Description	Standard	Certificates
PVC low voltage energy general cables	Single core (H05V-U or K)	IEC 60227:2007/EN 50525:2011	Test report, CoC, CB, CCA
	Single core (H07V-U or K)		
	Multi core (H05VV-F)		
	Multi core (H03VV-F)		

Product	Description	Standard	Certificates
PV cables	Single & multicore	2PFG 1169/08.2007	Test report, CoC

Product	Description	Standard	Certificates
Rubber cables	Single & multicore	IEC 60227:2007-10/EN 50525:2011 IEC 60245-6	Test report, CoC, CB, (CCA)

Product	Description	Standard	Certificates
Adhesive tapes	Single & multicore	IEC/EN 60454:2007	Test report, CoC, CCA

Product	Description	Standard	Certificates
Cable conduits	Type test	IEC/EN 61386:2008	Test report, CoC, CB, CCA

Product	Description	Standard	Certificates
Cable trays	Type test + accessories	IEC/EN 61537:2007	Test report, CoC, CB, CCA

Product	Description	Standard	Certificates
Cable trunking system	Type test + accessories	IEC 61084:1991 EN 50085	Test report, CoC, CB, CCA
