

Test Scopes on Safety of Electrical Appliance and Ergonomics Laboratory, D-PL-12158-02-01

The laboratory is permitted, without being required to inform and obtain prior approval from DAkkS, to use standard test methods listed here with **different issue dates or revision status updates**.

The red texted standard has not been accredited by DAkkS, but permitted to use the standard test methods according to DakkS flexible scope policy.

Standard / date of issue In-house method/version	Title of the Standard or the In-house method	Test Item / Inspection Item
