

Declaration on the TÜV Rheinland Supplier Code of Conduct

Dear suppliers,

TÜV Rheinland is committed to ethical business conduct, respect for human and labor rights and environmental protection. We are committed to continuous improvement in the areas of environmental, social and governance (ESG) and creating transparency about our actions. The contribution of our suppliers is essential for quality assurance, future viability, and for ensuring a positive contribution of our services toward sustainable development. In this context, the [TÜV Rheinland Supplier Code of Conduct \(SCoC\)](#) reflects our expectations of cooperation with our suppliers and creates a common understanding of sustainability. By providing multilingual translations of the SCoC on our [global website](#), we aim to contribute to increasing transparency and openness.

In order to reflect our current understanding of sustainability and the legal requirements, we have revised our SCoC as provided at the above link. The implementation of this revised SCoC within our supply chains requires that our suppliers familiarize themselves with our guiding principles and accept them as the basis for our ongoing cooperation. We gladly invite you to join us on this journey.

We, the undersigned, hereby confirm on behalf of our company that we have read and understood the TÜV Rheinland Supplier Code of Conduct and undertake to comply with its guidelines as part of our contractual relationship.
