

New test requirements for the safety of Workshop Trolleys

TÜV Rheinland Products – Information

August 2022

Circle for the Exchange of Experiences EK5/AK5 “Other technical work equipment and ready-to-use commodities / Industrial trucks” validates the test program for workshop trolleys.

[EK5/AK5 22-01:2022](#)

TEST PRINCIPLES FOR THE SAFETY OF WORKSHOP TROLLEYS

This test program is used for the testing and certification of mobile workshop or storage equipment, which is loaded and unloaded by hand.

These are, for example, workshop trolleys, assembly trolleys and laboratory trolleys for use in workshops, laboratories or similar areas.

The planned main purpose is defined, described and offered accordingly by the manufacturer.

This test program applies to workshop and laboratory trolleys with a max. load capacity of 500 kg.

This test program is valid from July 1st, 2022, and replaces the previous test program EK5/TA5 12-01:2012.

Implementation category C: Implementation after max. 3 months, old certificates cancel within 5 years.
